

Over the last 21 years, our three children have benefited from the many hard working teachers in the Green Bay Area Public School District. However, Ms. Pam Super stands out the tallest.

Our son, Zach, who is in 9th grade, had Ms. Super as his teacher last year. We don't know what we would have done without her. She was patient, kind and understanding. She always encouraged him to do his best. While her days were often very hectic, she always made time to communicate with us.

TEACHERS MAKE A DIFFERENCE!

Ms. Super's nicest attribute, which she passes on to her students, is that she is never judgmental. She finds something good about each situation and in each student. Ms. Super takes each day as it comes and makes the best of every moment. She realizes that children mature at different rates as she works with them through their difficulties. Her students know that she cares and supports them in their endeavors.

Ms. Super continually encouraged Zach. She certainly was a very special part of our life last year. We know we could call her any time, or show up in her classroom unannounced, and that she would take the time to help us. Our hats go off to Ms. Super, as we say thank you for all you do!
